Media Release

October 5, 2015 - For Immediate Release

Horizon Now Accepting Job Applications Online

Humboldt, SK – Beginning October 5, 2015, Horizon School Division will be accepting job applications online at horizonsd.ca/apply.

External and internal job applicants can now create an online profile, complete with login identification and password, which they will use to apply for current and future jobs. This system can be accessed under the *Careers* section at horizonsd.ca.

“This is a major step forward for Horizon School Division’s hiring processes,” states Director of Education, Kevin Garinger. “The recruiting and application procedures will be streamlined for our Human Resource Services department as well as for those individuals wishing to apply for a role within our system. I would like to thank our Board of Education for their support of this project. I would also like to thank our Human Resource Services department under the leadership of Randy MacLEAN, Deputy Director, for their continued effort to ensure this important service to current and potential staff is actualized.”

Horizon’s Deputy Director of Education, Randolph MacLEAN, is equally excited to have this new online system in place. “This system will give Human Resource Services quick access to the information required for candidate selection and hiring,” says Mr. MacLEAN. “By eliminating paper applications, we have simplified our process and are better situated to meet the staffing needs of our division. I would like to thank our Director and our staff for the guidance and work to make this new system possible.”

Moving forward, all applications will be submitted through this process. Paper submissions will no longer be accepted. Anyone who has submitted an application prior to October 5, 2015, will be required to complete an online profile in order to apply for future opportunities. Once an applicant is set up in the new online system, changes can be made to their profile at any time.
